

For Immediate Release

Digital Watchdog® Adds Blackjack® Bolt™ Slim Case NVR Supports up to 80Mbps and is Powered by DW Spectrum® IPVMS

New Blackjack® Bolt™ NVR

Cerritos, CA (April 3, 2017) – [Digital Watchdog® \(DW™\)](#), the industry leader in digital recorders, surveillance cameras and related management software, announces the release of our new 16-channel Blackjack® Bolt™ NVR powered by DW Spectrum® IPVMS. The new Linux-based NVR offers users the power and reliability they have come to expect from Blackjack® servers, now in a slim case for small to mid-size installations needing power, reliability and ease of use.

“Our overarching goal is to make it easy to obtain high-performance HD video surveillance,” said Mark Espenschied, Director of Marketing, Digital Watchdog. “This new addition to our popular Blackjack® family of NVR/servers adds additional flexibility to view, record and review video with the power and convenience of DW Spectrum IPVMS.”

The Blackjack® BOLT™ can record and manage up to 16 2.1MP cameras at 30fps with maximum 80Mbps throughput. The hardware includes true HD, DVI or DisplayPort outputs, Linux® Ubuntu® OS and dual Ethernet ports, all packaged in a slim, attractive and compact case. The NVR is OnVIF conformant and is available with 2-16TB HDD and 5 Year Limited Warranty.

Features include:

- Supports All ONVIF Conformant IP Cameras
- Record up to 16 2.1mp IP cameras with total maximum throughput
- 2TB, 4TB, 8TB, 12TB, 16TB internal storage options
- True HD Output, DVI or D-Sub Port
- Dual Network Ports
- Linux® Ubuntu® 64Bit OS
- Hosting DW Spectrum for Setup, Configuration, Monitoring and Recording

Digital Watchdog Press Release

- One-time Recording License Charge, Fully Transferable Between Cameras and Encoders
- No Annual Maintenance Fees
- Simple Enterprise Scalability
- Auto Device Discovery
- Dual Stream Recording
- 5 Year Limited Warranty
