

Digital Watchdog® Offers HD Video Balun Converter for VMAX AHD Core™ and VMAX A1™ DVRs

Supports AHD, TVI and HD Signals over UTP up to 1000-Feet

HD Video Balun Converter

Cerritos, CA December 15, 2015 –[Digital Watchdog](#) (DWTM), the industry leader in digital recorders, surveillance cameras and related management software, announces the addition of a new video balun that converts a high definition analog video signal from coaxial cabling to UTP network cables. The DW-BALUNHDN adds installation convenience for two of the most versatile network video recorders in the industry, the VMAX AHD Core and VMAX A1 all-in-one recorder.

Sold in a two pack, the DW-BALUNHD is a passive, non-amplifier video balun that allows for real-time analog and high definition video transmission via UTP up to 1000-feet. The DW-BALUNHD is compatible with all AHD, TVI, CVI and CVBS analog cameras. The converter's superior interference and low emissions allows connecting the cameras to a recorder using an existing UTP infrastructure. The DW-BALUNHDN has a built-in surge suppressor to protect against damaging voltage spikes and is crosstalk and noise immunity to ensure quality video signals.

Additional features include:

- › Real-time transmission over UTP cat5e/6
- › Compatible with all AHD, TVI and CVBS analog cameras

Digital Watchdog Press Release

- › AHD 720P : up to 1000ft (305m)
- › AHD 1080P : up to 600ft (183m)
- › TVI 720P : up to 1000ft (305m)
- › TVI 1080P : up to 600ft (183m)
- › CVI 720P : up to 800ft (244m)
- › CVI 1080P : up to 400ft (122m)
- › Push-pin Terminal Connection for UTP Cable
- › 60dB anti-interference and noise reduction
- › No External Power Required

ABOUT DIGITAL WATCHDOG

Digital Watchdog® (DW™) empowers our customers as the industry-leading single source of value-driven complete solutions for all video surveillance applications (analog / hybrid / IP enterprise), focusing on ease of use and ROI. DW™ products offer technologically-advanced features including Star-Light™ super low light technology, WDR, Smart DNR™ and Smart IR™. Complete IP megapixel surveillance solutions include single- and multi-sensor MEGApix® cameras and edge recording systems, Blackjack™ NVRs and DW Spectrum™ IPVMS for server, mobile and on-camera control. Complete analog surveillance solutions include single- and multi-sensor STAR-LIGHT AHD™ 1080p and STAR-LIGHT MPA™ 1.3MP 960H cameras, VMAX™ all-in-one multi-platform DVRs and mobile management applications.
