

For Immediate Release

## Digital Watchdog® Now Offers New Storage Solutions New Blackjack® NAS Supports up to 160Mbps Throughput and is Compatible with any Blackjack® NVR or MEGApix® CaaS™ Camera

*New Blackjack® NAS NVR*

**Cerritos, CA (February 7, 2018)** – [Digital Watchdog® \(DW™\)](#), the industry leader in digital recorders, surveillance cameras and related management software, announces the launch of our new line of network attached storage (NAS) solutions. The new Blackjack® NAS series, introduced to the market in 1 Hard Drive (HDD) models (2HDD models will be available by the end of Q1), are added storage solutions for any Blackjack® NVR or MEGApix® CaaS™ system. The NAS devices provide additional video storage for more recording days and more cameras to an existing system, while being controlled from a unified DW Spectrum® IPVMS interface.

“Our new NAS devices easily solve the need for adding more storage capacity to a server that is already using the available hard drive bays,” said Mark Espenschied, Director of Marketing, Digital Watchdog®. “Instantly recognized and managed by DW Spectrum IPVMS®, these solutions are a seamless addition to an existing system.”

Blackjack® NAS™ are high-reliability network attached storage options for Blackjack® NVRs or MEGApix® CaaS™ cameras. The small and simple to setup devices act as recording backup for existing DW Spectrum® IPVMS systems. Models offer 4-10TB storage and integrate easily into a Blackjack® system with a total of up to 160Mbps throughput, or a MEGApix® CaaS™ system with up to 12 camera servers, allowing you to record and backup more days of video without the need for additional video recorders. The Blackjack® NAS™ is seamlessly integrated into the DW Spectrum® IPVMS system, allowing for an instant search and data management. The Blackjack® NAS is backed by Digital Watchdog's unbeatable 5-year limited warranty.

Features include:

---

# Digital Watchdog Press Release

---

- Centralize your file storage, sharing and backup with excellent performance
- Expands recording capacity of any MEGApix® CaaS camera solution OR Blackjack® NVR system
