Digital Watchdog® Adds 4 Megapixel IP Cameras

New MEGApix® Cameras Reveal More Details in a Scene at Real-Time 30fps

MEGApix® 4MP Camera Solutions

Cerritos, CA (February 13, 2017) – Digital Watchdog (DWTM), the industry leader in digital recorders, surveillance cameras and related management software, announces the release of our new line of 4 Megapixel IP cameras. The new series includes a total of 14 new cameras, to match any application and need.

These MEGApix® IP cameras deliver crystal-clear images at 4MP resolution and real-time 30fps performance. The cameras offer a variety of easy to install housing solutions, including outdoor domes with CleanViewTM self-cleaning treatment, IP66 and IP68 weather ratings as well as models with Cold Start at -40° F/-40°C. All MEGApix® cameras are ONVIF conformant, assuring their successful integration with any open platform solution on the market.

“We consistently preach resolution and frame rate as the driving technologies in video surveillance,” said Mark Espenschied, Director of Marketing, Digital Watchdog®. “The addition of 4MP models to our MEGApix® family of IP cameras provide integrators with increased flexibility to cover more area with fewer installations. This dynamic drives superior ROI for the end user customer.”

Additional features include:

Digital Watchdog Press Release
