

For Immediate Release

## Digital Watchdog® Adds New 5MP Tamper-Resistant Fisheye Camera with IR and 30fps Performance Vandal Housing Joins the MEGApix® PANO™ Family of ROI Accelerators

*MEGApix® PANO™ 5 Megapixel 180° and 360° Views Hemispheric Cameras*

**Cerritos, CA (May 8, 2017)** – [Digital Watchdog® \(DW™\)](#), the industry leader in digital recorders, surveillance cameras and related management software, is proud to announce the launch of our new 5 Megapixel 360°/ 180° Fisheye IP Vandal Camera in a Tamper-Resistant Housing. The new hemispheric camera is the latest additions to our growing family of MEGApix® PANO™ IP camera solutions with crystal-clear video, building on our promise to offer user-friendly solutions to match any application. Combined with the enhanced dewarping, pan and zoom capabilities of DW Spectrum® IPVMS, this camera offers the perfect solution for any application looking to replace multiple cameras with a single, solution.

5 Megapixel MEGApix® PANO™ View Outdoor Fisheye Cameras with IR can monitor an entire area with a single camera, providing the ultimate ROI. The 1.55mm fisheye lens provides edge-to-edge image clarity. The 5MP sensor produces real-time 30fps panoramic images in an IP66 vandal resistant discrete housing. The camera is optimized for use with DW Spectrum® IPVMS for easy dewarping to 360°, 180° and 90° views with the click of the mouse. The cameras are ONVIF conformant, facilitating their successful integration with any open platform solution on the market.
