**ABOUT BOLD GROUP**

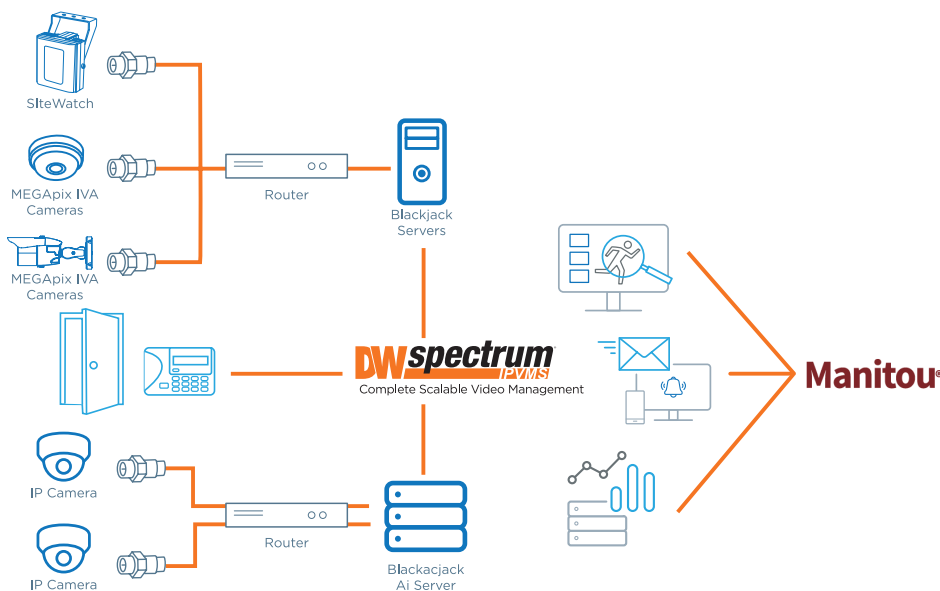

For over three decades, the Bold Group has served the electronic security industry with the most comprehensive array of alarm monitoring and integrated business management solutions tailored to achieve optimal business performance. Bold Group's product portfolio features the renowned alarm monitoring systems Manitou, stages®, and SIMS. These leading alarm monitoring systems are complemented by the industry's top accounting and business management systems: Managely™ SedonaOffice® and AlarmBill®.

The collaboration allows Manitou to integrate alarm handling and video into one system through the Manitou automation software. Establishing a connection between Manitou and DW Spectrum through DW Cloud™ improves connection reliability and eliminates the need to enter connection settings manually. The integration offers operators and users a direct cloud connection between DW Spectrum and Manitou platforms with cross-sharing of live and archived video from DW Spectrum to Manitou and relays output controls from Bold Manitou to DW Spectrum.
