

For Immediate Release

## Popular Digital Watchdog® MEGApix® Flex™ 16MP Multi-Sensor Cameras Now in White Housings

The new models deliver all the power and benefits of the original DWC-PVX16W.

**DWC-PVX16WW DW® MEGApix® Flex™.**

**Cerritos, CA (November 23, 2022)** – [Digital Watchdog \(DW\)](https://www.digital-watchdog.com), the industry leader in digital recorders, surveillance cameras, system peripherals and related management software, announces the addition of white housings to our user-configurable MEGApix Flex 16MP multi-sensor vandal dome IP cameras. With the convenience of four cameras in one housing, MEGApix Flex cameras accelerate ROI by lowering installation costs. Each camera module is easily positioned independently on a magnetic track.

“Making the lens modules in multi-sensor cameras easily configurable has proven to be a real game changer in the video surveillance market,” said Mark Espenschied, Director of Marketing, DW. “Rather than being locked into a 180° or 360° view, MEGApix Flex cameras provide the simplicity of easily achieving four independent camera views with one

installation. And now, due to popular demand, these unique cameras come in white housings."

MEGApix Flex 16MP multi-sensor configurable IP cameras reduce total system cost by providing four 4MP CMOS sensors in one housing and installation. The Flex camera produces four 4MP video streams each at real-time 30fps.

The cameras come as a complete solution including 4 fixed lenses installed, or are fully customizable with a camera base unit plus a selection of up to 4 sensor/lens modules. Modules DO NOT need to be the same lens size. Modules are available with 2.8mm, 4.0mm, 6.0mm or 8.0mm lenses. The camera base unit and sensor/lens modules are sold separately (see the detailed chart below).

Flexible configuration (pre-configured models):

- DWC-PVX16W2W: 4x 2.8mm modules
- DWC-PVX16W4W: 4x 4.0mm modules
- DWC-PVX16WW base camera and up to four modules:
  - DWC-PVXLMOD28 - 2.8mm lens module
  - DWC-PVXLMOD4 - 4.0mm lens module
  - DWC-PVXLMOD6 - 6.0mm lens module
  - DWC-PVXLMOD8 - 8.0mm lens module

Camera's features:

- 16MP 1/3" image sensors at real-time 30fps
- 360° and 180° flexible panoramic view IP camera
- Available as a complete system with 4x 2.8mm, 4x 4.0mm, 4x 6.0mm, or 4 x 8.0mm lens modules or camera and other lens options sold separately.
- Four cameras in one installation
- Flexible sensor positioning with magnets
- True wide dynamic range (WDR)
- PoE injector included
- Dual codecs (H.264, MJPEG) with simultaneous dual-stream
- Two-way audio

# DW<sup>®</sup> Press Release

---

- Smart DNR™ 3D digital noise reduction
- True day/night with mechanical IR cut filter
- Auto gain control (AGC)
- Auto white balance (AWB)
- Motion detection
- 4x Micro SD/SDHC/SDXC class 10 card (card not included)
- Alarm sensor input
- Relay output
- Web server built-in
- UL listed
- ONVIF conformant, profile S
- PoE Class 3 and DC12V
- NDAA compliant
- IP66 environmental-rated dust-tight and water-resistant
- 5 year warranty
