

## MEGApix® 2.1MP/1080p Indoor Mini Dome IP Camera with 4.0mm Lens

MEGApix® 2.1MP network cameras provide real-time 1080p High Definition video at 30fps. Advanced technologies include Digital Slow Shutter and Electronic Day/Night for clear images in challenging lighting conditions. A built-in Web-Server and user-friendly interface make these cameras easy to use. Power over Ethernet simplifies installation by providing both power and the network connection through a single cable. All cameras are ONVIF conformant, assuring their successful integration with other open platform video surveillance products. Housed in our attractive dome enclosure, these cameras provide the industry-leading benefits of MEGApix® technology at an affordable price.
