

## DWC-V4365T

The V4365T is weather-resistant bullet camera offering exceptional Wide Dynamic Range and sensitivity for harsh lighting environments with its 1/3" PIXIM Nightwolf™ CMOS sensor. PIXIM's technology allows each pixel to self-adjust in the same scene, giving terrific image quality. PIXIM revolutionizes the way video cameras capture and process images.

- 3D DNR (Digital Noise Reduction)
- Auto Sensing Dual Voltage with Line Lock
- BLC - Backlight Compensation
- D/N - Day/ Night: True
- Easy Icon Driven OSD Menu with Built-in Joystick
- Image Sensor: 1/3" PIXIM Nightwolf CMOS Sensor
- Junction Box Built-in
- Lens: 3.3~12mm Varifocal Auto Iris Lens
- NEMA RATING: Protects against dust and immersion beyond 3ft.
- RS-485 Built-in
- Resolution: 690 Effective Horizontal TV Lines
- Secondary Video - BNC Output: Included
- Star-Light™ (Super Low Light Technology)
- UTP Built-in
- WDR- Wide Dynamic Range
