

## DW VMAX App

The DW Mobile view for Apple and Android Smart Phones and Tablets is a free app that allows users to connect, view, playback, and search DW's video surveillance.

The DW VMAX remote viewer with a user-friendly Graphic User Interface allows remote control of DW's popular security products, including VMAX, VMAX 480, VMAX Flex, the VMAX 960H DVR Series and the new VMAX IP NVR series. It also allows users to view up to 16 channels simultaneously in live or playback, capture immediate still images, and control PTZ cameras.

To download the app, search 'DW' or 'DW VMAX' in the Google Play Market or Apple App Store or click either of the links below:
