

Universal HD over Coax® 16-Channel Digital Video Recorder - Looping

The VMAX A1™ Digital Video Recorder supports HD-Analog, HD-TVI and HD-CVI formats and all analog to 960H via Coaxial cables, offering a seamless upgrade to HD resolution. Up the Coax (UTC) remote configuration is available with all compatible cameras. The A1™ is available with up to 16TB of storage. The DW-VAONE 16-L model also offers looping output support, with a DW-VLOOP accessory included.
