

DW® Mobile & DW Mobile Pro

DW®'s new DW Mobile app for iPad®, iPhone® and Android® devices works seamlessly with DW®'s popular DW Spectrum® IPVMS and VMAX® DVRs/NVRs. DW Mobile allows you to view, playback and capture still images from a surveillance system on your smart phone and tablet.

The Pro version lets you view all of your systems on one screen, search recorded video from multiple cameras simultaneously and email or share video clips via YouTube® or social media. The Pro app is free to try for 30 days. After the free trial, keeping all the Pro features is just \$1.99 a month!

Access your DW® surveillance systems with your finger.
